

Destiny's Child, Birthday

It's your birthday, you don't have to do nothing

[Verse 1 Kelly:] The time has come and it's finally here

Have a candle lit dinner

Or just settle down my dear

Whatever you like boy

It's all up to you

We could celebrate baby

Cause (it's your birthday)

[Beyoncé:] Now close your eyes baby

And listen to the melody

Anything you want me sweet just ask me

It's the day for us to share

So leave your problems up to me

Let start you and me

And make this day history

[Chorus:]

It's your birthday (we could spend time together)

We gon' celebrate (you and me)

It's your birthday (so baby blow out the candles)

We gon' celebrate (you know)

It's your birthday

[Verse 2 Kelly:]

I'm sending out invitations

To let all your friends know that (it's your birthday)

But all that I really wanna do

Is wrap you up and get in the groove

And keep you all to myself

[Beyoncé:] Now the mood is right now

And you don't have to fantasize

All your dreams could come true, but it's up to you

If you can't decide boy, just give me all your mind

(I've got a surprise) a present that you'll like

[Chorus]
