

Destiny's Child, Spread A Little Love On Christmas

It's beautiful outside and the wind is whistling
I look outside my window as I see my neighbor's Christmas tree
The snow is falling, my spirit's feeling happy
I'm feeling even better cause I got my family next to me

I gotta thank my Lord, thank you Lord
Thanks for what I have, thanks for what I got
I couldn't ask for more, wouldn't ask for more
God I am so glad, Thanks for what I got

Some think I am blessed just because of the
Amount written on my check not because of the
Amount of my happiness is the reason
Why I am so blessed
Having me a Merry Christmas
Feliz Navidad
And having me a Merry Kwanzaa
Happy Hanukkah

Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day
Spread a Little Love on Christmas day

Somewhere high up in the sky my Santa Clause is coming
With Donner, Dancer, Prancer, Vixen, keeping Randolph coming
He's bringing goodies, to the ghettos and the hoodies
To mansions and suburban places and apartment kiddies

Representing Houston, Texas
ATL, Illinois ladies
Chillin with Rosie O'Donnell
Having a good time we clownin

Some think I am blessed just because of the
Amount written on my check not because of the
Amount of my happiness is the reason
Why I am so blessed
Having me a Merry Christmas
Feliz Navidad
And having me a Merry Kwanzaa
Happy Hanukkah
