

# Destiny's Child, You Believe In Me - Cosima De V

## VERSE:

I've been waiting in the dark  
All alone with just the beating of my heart  
But I feel right when I'm out there in the light  
'Cos I know I'm gonna make it yes I do  
Because of you

## CHORUS:

I can fly without wings I can do anything  
Tonight's the night I'm gonna find my destiny  
I can soar through the sky and you're the reason why  
I can be anything I wanna be  
'Cos you believe in me

## VERSE:

There's a time in every life  
When you realise your dream is on the line  
Gonna make you proud and I'm never gonna let you down  
'Cos when I look into your eyes  
I feel my spirits rise

## CHORUS:

I can fly without wings I can do anything  
Tonight's the night I'm gonna find my destiny  
I can soar through the sky and you're the reason why  
I can be everything I wanna be  
'Cos you believe in me

## MIDDLE:

You believe when I am lost  
At every step along the way  
And when my world is falling down
