

# Destroy!, Children's Crusade

We are the new youth crew  
Take a look at this tattoo  
Time has come to deal with you  
'Cos we saw you drinking brew  
United and bald you and me  
United against conformity  
Straight and clean is the way  
Deviate and you will pay

Harken to the righteous tirade  
Join up with the children's crusade

Moving from the suburbs to the lower  
East Side  
Middle class youth display their working  
Class pride  
When mom and dad say its just a phase  
Straight til death is what I'll say  
Will the crusader still be straight  
When he's old enough to graduate
