

Destroy!, Children's Crusade

We are the new youth crew
Take a look at this tattoo
Time has come to deal with you
'Cos we saw you drinking brew
United and bald you and me
United against conformity
Straight and clean is the way
Deviate and you will pay

Harken to the righteous tirade
Join up with the children's crusade

Moving from the suburbs to the lower
East Side
Middle class youth display their working
Class pride
When mom and dad say its just a phase
Straight til death is what I'll say
Will the crusader still be straight
When he's old enough to graduate
