

Destroy!, Dogfight

Man's best friend or so its said
A noble dog
Lies bloody and dead
Victims of a mindless sport
Practiced by the ignorant sort

Bred and trained
To kill their own kind
Inhumane puppy mills
And brutal training
Forced into the pit and death

Cruel minded scum
Place their bets
And the dogs tear at
Eachothers flesh
Only a sadist could delight
In such carnage

The cops don't care
It's a good old boy thing
And the dogs die senselessly in the ring
When the cops hassle the punks
Don't they always threaten to shoot our dogs
