

Destroy!, Gynocide

Sacrificed upon the pyre
Consumed by man's mortal fire
Such has been the woman's fate
Dissent and burn at the stake
Victims of patriarchy, victims of tradition
Persecution as control, sanctified by
Religion

Foreign cultures easy to indict
But does not the same terror
Reign on our streets at night?

Today in Africa female circumcision
Is brutally imposed to enforce submission
Crippling brutal mutilation
To enforce male domination
Barbaric clitorectomy
To enforce patriarchy

Indian woman burned alive
Their husband they cannot survive
Woman treated like property
Sold and murdered for their dowry

I know I'm supposed to understand
Cultural differences
But there's no way to justify
These barbaric practices
