

# Destroyer, Eat the Wine, Drink the Bread

Unfounded accusations

"Ruff, ruff" goes the beagle to the terrier

Been meaning to wear my hair like □this□ for ages

I mean □down, down all the way down

I □mean down all the way

I piss on the floor, the band sets up on the floor

I piss on the floorboards, the whole world's a stage

That I don't know

I am going through

I don't know

Where I'm going

It's insane in here, it's a lunacy out there

And everything you just said

Was better left unsaid

I drink the wine

I eat the bread

I don't know

Where I'm going

I drink the wine

I eat the bread

I drink the wine

I eat the bread

I eat the wine

I drink the bread

I eat the wine
