

# Detour 180, Still Feel The Same

I jumped in again  
Was thrown a life line but swam away  
I can't help myself  
I don't want to feel alone

But i still feel the same  
I still love the way you hold me in the rain  
I still feel the same  
I should've known better than this

I'm holding on to you and i'm holding on tight  
To get me home soon, get me home soon
