

Devendra Banhart, The Good Red Road

It ain't hard to adore ya
Thread ya into my town
Put your guard down, explore ya
And I'll always be around

I want to live in Jamaica
Yeah I wanna live in Jamaica

..hair down
How'd they get their nose
..your hair down

I'm in love with an anchor
I can floss with her tail
She's the island above me
And I can tell, I can tell

When ya finally break my legs
And I can never leave the house again
Then I'll finally love you
