

Devil May Cry 4 OST Special, Sworn Through Sw

Draw your blade
Shall mark this day
You shall pay
When sworn through swords

~

[X2]
My chaos sphere
It rules right here
This is more than war
Bow down or draw your sword
You think you've mastered pain
There are no rules in this game
Cast your ritual taunt
Right before the blood lust hunt
I'll singe the soul, as I burn all
Turning the flesh to soot as I kill them all
Master the blade, it's what you strive for
The bait, the lure
We're sworn through swords
[Give into me] Draw your blade
[Heresy] Shall mark this day
[Brutality] You shall pay
[Face your fears] When sworn through swords

~

[X2]
The more you give, the more I maim
You are spirit, and I am bane
Your truth strikes through, as steel guides true
It's enough for pride, but not enough to survive
