

# Devo, Mecha-Mania Boy

This is the boy who burns the books  
This is the way he always looks  
This is the boy who smashed his car  
This is the boy who went too far

Washed his eye with yellow soap  
He stole his daddy's microscope

All alone, we're not proud  
never say his name aloud  
now he wants to know your little mistakes  
where he goes, and whence he came  
it's a mecha-mania boy

This is the boy who never sunk  
He ain't the one who destroys his young  
Oh, no  
Everybody that's the way to roll

All alone or on the telephone  
he knows the time you spend at home  
Oh, No  
Never say I didn't tell you so

Washed his hands of a deadly fate  
he put himself in an altered state

In a crowd or all alone  
no-one's laughing anymore  
now he wants to know your little mistakes  
where he goes, and whence he came  
he's a mecha-mania boy

All alone, we're not proud  
never say his name aloud  
now he wants to know your little mistakes  
where he goes, and whence he came  
it's a mecha-mania boy

In a crowd or all alone  
no-ones laughing anymoer  
now he wants to know your little mistakes
