

# Dexter Freebish, Breathe

Ooooooh

I wake up everyday scared about tomorrow  
I just don't know what to believe, oh no  
And are we running out of all this time we borrowed  
I'm drowning in reality

[Chorus]  
Breathe  
We've got to let it go  
Just turn around and just  
Breathe  
Tomorrow will come  
Can we breathe?

The days I saw when I was younger , unfamiliar  
The world, it's hard to live this way  
And as the years go by  
Is the picture clearer  
Or will it all just fade away

[Chorus]  
Breathe  
We've got to let it go  
Just turn around and just  
Breathe  
Tomorrow will come  
Can we breathe?

I'm just a stranger trying to make my way through life  
But I'm confused  
I'm sick of all the talking as I lied to me  
I want the truth  
Yeah, yeah, yeah  
Give me the truth  
Yeah, yeah, yeah

Am I breaking through the world that stands between us?

[Chorus]  
Breathe  
We've got to let it go  
Just turn around and just  
Breathe  
Tomorrow will come  
And still all I want is to  
Breathe  
Yesterday is gone  
Tomorrow will come  
I've got to breathe  
Tomorrow will come  
Tomorrow will come
