

# Dexter Freebish, Broken Arrow

Broken arrow  
Is deep inside u  
Broken arrow  
Living w/ u

Words r spoken in ur ear  
Feathered whispers u hold dear  
Lives we lived  
The love we knew  
Wounded me and fooled u

Broken arrow  
Is deep inside u  
Broken arrow  
Im living w/ u

U reach 4 me but im not there  
Closest shadows in thin air  
U wait 4 me 2 hear u  
The black winged boy has disappeared

Broken arrow  
Is deep inside u  
Broken arrow  
That I am used 2

Living a lie inside ur head  
Im living a lie inside ur head  
Im living a lie inside ur head  
Im living a lie inside ur head  
Im livin and lyin  
Im livin and lyin  
Im living a lie inside ur head

Love has left these skies 2 peel  
Reminders of the way I feel  
Sounds of time will slowly drain  
The shadow still remains
