

# Dexter Freebish, How Do I Get Through To You

You're pushing me back  
But I pass right through you  
I'm slippin' through your cracks  
I wanna get close to you  
But you just won't let me in  
You're pullin' away  
So my hands can't touch you  
So you can't feel my pain  
And there's no secrets  
Between you and yesterday

How do I get through to you  
How do I get through to you  
That there's no one in this world  
Who wants you more than I want you

You hide behind walls  
From the one's that love you  
The one you fear you might fall for  
And it's hard to ignore  
The error in your ways

How do I get through to you  
How do I get through to you  
That there's no one in this world  
Who wants you more than I want you

You must be so lonely  
You must be so lonely without me  
You must be so lonely  
You must be so lonely without me

How long must I wait  
For the sun to finally rise behind your eyes... or will you throw it all away

How do I get through to you  
How do I get through to you  
Cause there's no one in this world  
Who wants you more than I want you
