

DHT, Magic Melody

This is DHT
And we'll take you
Into the world of darkness and magic...
Come to me children and follow my way
Into the world of darkness and magic
With all my power I'll show you the way
To all your dreams, hopes and illusions.
Come to me children and follow my way
Into the world of darkness and magic
With all my power I'll show you the way
To all your dreams, hopes and illusions.
...Darkness...Magic...Power...Dreams...Hopes...Illusions...
Come to me children and follow my way
Into the world of darkness and magic
With all my power I'll show you the way
To all your dreams, hopes and illusions
