

Diablo, A View To A Kill

[Duran Duran cover]

I am the first not the last
Condemned by a single ki
Betrayed eternally I'll rip inside your soul
Contaminating the world
Defying god and son
Black heart that brings your death
Living in infamy

Drink the flesh of life itself
Prepare to reign a thousand years

I'll kill you and your dreams tonight
Begin new life
Bleed your death upon me
Let your bloodline feed my youth
