

Diamond Head, Don't You Ever Leave Me

Oh Babe

I can recall the day

Close enough to make me feel bad

Seems like only yesterday

Still in my heart it makes me sad

Oh no, oh no

Don't you ever leave me baby

Oh no, oh no

Don't you ever leave me

Oh no, oh no

Don't you ever leave me baby

Oh no, oh no

Don't you ever leave me

I can remember that night I cried

The love we had, you said you don't give me no more

And as you kissed my lips goodbye

I called out to you now to close the door

Oh no, oh no

Don't you ever leave me baby

Oh no, oh no

Don't you ever leave me

Oh no, oh no

Don't you ever leave me baby

Oh no, oh no

Don't you ever leave me

Don't you leave me baby

Don't you leave me baby

Don't you leave me baby

Don't you leave me baby

Don't you leave me baby

Don't you leave me baby
