

# Diamond Head, Paradise

Ah ah ah I'm screamin' now at the top of my head  
Can't keep my silence in place full of dread  
Just gotta hole in the ground for my bed  
I don't eat, 'cause I ain't fed  
Ain't there a new world for us in your head  
'Cause we are here now and we ain't dead  
We ain't gonna give it up  
Tell it to the Lord above  
We ain't gonna let you down 'til you come and get it done  
And we got Paradise won  
Paradise Paradise Paradise Paradise Paradise Paradise  
We gonna tear down this house of your dreams  
Kick it in till the enemas gone  
Don't stop for nothin' 'til we dug our way out  
Get it done, Paradise won  
Ain't there a new world for us here instead  
'Cause we are here now and we ain't dead  
We ain't gonna give it up  
Tell it to the Lord above  
Paradise Paradise Paradise Paradise Paradise Paradise  
Little monkey's on an elevator  
Whores and pimps with teeth like alligators  
Just putting junk on the funk'n' table  
Building up another Tower of Babel  
We got a prison made from dreams and deceit  
Gotta monkey on our back every week  
Just gotta hole in the ground for my bed  
I don't sleep 'cause I ain't dead  
We ain't gonna give it up  
Tell it to the Lord above  
We ain't gonna let you down 'til you come and get it done  
And we got Paradise won  
In pretty little Paradise oh  
In pretty little Paradise where they  
See no evil. Speak no evil. Hear no evil  
Paradise Paradise Paradise Paradise  
Gonna rip it up and start again
