

# Diamond Rio, It's Gone

(Herb McCullough/Larry Cordle)

I don't know how it happened but it did  
I don't know why it's over but it is  
I don't know where it comes from when it's on  
I don't know where it goes to but It's gone.

You used to brush my mind with tender thoughts  
We could say it all and never talk  
But lately our love's only flesh and bone  
I don't know where it went to but it's gone

We used to light the darkness up,  
Make love without a touch  
Be ourselves and never be alone,  
Somethin' lived between us then  
I always thought would never end  
But like the wind I guess it just moved on  
I don't know where it went to  
But it's gone.

I don't understand it but I know  
The blush of love once bright no longer glows  
and I can't put it back by hangin' on  
I don't know where it went to but it's gone.

We used to light the darkness up,  
Make love without a touch  
Be ourselves and never be alone,  
Somethin' lived between us then  
I always thought would never end  
But like the wind I guess it just moved on  
I don't know where it went to  
But it's gone.

I don't know where it went to but it's gone
