

Diamond Rio, This State Of Mind

(Michael Puryear/Aaron Tippin)

Oh I can't go on living in this state of mind
It's stay and go crazy or leave it all behind
One way or another I'm gonna cross that line
'Cause I can't go on living in this state of mind

There's no way to avoid her
Living in this tiny Texas town
So I'm packing up my broken heart
Leaving and I pray I don't break down
Well I really love the Lone Star
But I can't stand seeing her around

Oh I can't go on living in this state of mind
It's stay and go crazy or leave it all behind
One way or another I'm gonna cross that line
'Cause I can't go on living in this state of mind

I'm outside Amarillo
Feeling better every mile I roll
And when I hit Glen Rio
That's as far as her memory will go
Well, running from a woman
Might sound foolish I know

Oh I can't go on living in this state of mind
It's stay and go crazy or leave it all behind
One way or another I'm gonna cross that line
'Cause I can't go on living in this state of mind
