

# Diamond Rio, You'll Find Me

(Tommy Connors/D. Vincent Williams)

Up and off to work again, going through the motions  
I bet she tried to warn me and I didn't even notice  
'Til I got home and found her gone  
Left with just a letter  
Folded with a key on top  
Sitting on the dresser  
I opened it  
It simply read

Look and you will find me  
I won't be that far  
I'll be right here waiting for you with open arms  
I don't want to live without you  
But I can't go on like this  
Torn between the man I love and the one I'm living with  
It's a conflict of emotion  
To my heart I must be true  
I know that I need you  
But you have to need me too  
So if you get home and miss me in your life  
You'll find me

I called her family asked everyone who knows her  
Telling them in detail all the things I should have told her  
How much she really means to me and how much I'm regretting  
But so far no one's heard from her and all that I am left with  
Is how I let her go  
And the letter she wrote "saying you'll find me"

I spent the next eight hours wondering where on earth you were  
It was getting late, I was getting tired and growing more concerned  
When all at once it hit me, that piano bar back home  
Where I asked you to marry me  
And there you were alone

I knew I would find you  
And how it warmed my heart  
To see you right there waiting for me with open arms  
Said I don't know where I'm going, but I can't go on like this  
The thought of life without you is something I just can't live with  
It's a conflict of emotion  
To my heart I must be true  
You told me that you need me  
Well, girl I need you too  
So if you come home and want me in your life  
You'll find me  
You'll find me  
You'll find me
