

Diana Ah Naid, You Don't Have To Take It

Taking on the world
Junked out boyfriend and you
Making a statement while all your friends
Are making it through school without you
Thought you wanted a little piece of mind
And you didn't know how to make it
We thought you were already fine
And you don't have to take it from him anymore
You don't have to take it from him
You don't have to take it from him anymore
He's not your type you can re-adjust yourself to his way of life
But he's not your type
Everybody wants to flirt with danger
Why do you have to stand so close to it
I don't think it's brave or noble
I know what you mean when you say your sick
He's not your type and you were mine
Before you two met, when you gonna realise
That you don't have to take it from him anymore
