

Diana DeGarmo, All I Never Wanted

It was all a dream
So it seems to me now
All the falling up in the heavens
Then floating down
Was it all in my head this premonition
When I look back
It's hard to tell the difference
Between what really happened
And what I imagined

But it's all over now
So it doesn't really matter
Don't know why I feel so shattered
I should have known better
You were
All I never wanted anyhow, yeah
But I sure want you now
I want you now

Well I thought I knew
I was under control
You would never be the one to shake me
What did I know?
Well, it's strange how you feel
When you're so mistaken
When you knew it was wrong from the start
But you couldn't let it go
That's why I feel so faded
I'm trying to turn the pages

But it's all over now
So it doesn't really matter
Don't know why I feel so shattered
I should have known better
You were
All I never wanted anyhow, yeah
But I sure want you now
I want you now

I'm not coming around again
I'm not going down again
No hangin' on
No lookin' back
There's nothing more to say

But it's all over now
So it doesn't really matter
Don't know why I feel so shattered
I should have known better
You were
All I never wanted anyhow, yeah
But I sure want you now, yeah

But it's all over now
So it doesn't really matter
Don't know why I feel so shattered
I should have known better
You were
All I never wanted anyhow, yeah
But I sure want you
But I sure want you
I sure want you now
I want you now
