Boys will be boys will be boys will be boys

If only them could think like a girl
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
It don't tek too much, fi please a man
But as a woman mi harder fi understand
A girl she needs affection
A man he needs direction
If I an I say black, mi ago get white
You give mi a minute when mi want it

A girl she needs emotion
A man's a locomotion
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
If you could only think like a girl
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
Mi no wah yu fi hear u hafi listen to me
Pay attention try fi love differently
A girl she needs a best friend

Maybe you can go down
Think like a girl
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
If you could only think like a girl
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
Boys will be boys will be boys will be boys
will be boys
Boys will be boys will be boys will be boys

Never gonna think like a girl
And the boy say sex me, and the girl say know me
And the boy say want me, and the girl says need me
And the boy say, and the girl say
And the boy, the girl the boy, the girl.....
If you could think like a girl
It would a be such a perfect world
If you could think like a girl
If you could only think like a girl
