## Diana Ross, Touch By Touch

(R. Zito/A. Barrow/J. Esposito)

I can tell by the look in your eyes That you like what you see I can tell by the touch of your hand That you've got what I need

Baby there's no hurry We've got no worries Let's take all night Give me sweet lovin' Come taste my honey Into the light

Touch by touch
Your fingers do the talking
I need to hear so much
Touch by touch
Now you're getting closer
To what I want so much

I can tell by the woman in me You're the man that I need So much lovin' that comes from your heart That you give tenderly

Come take my hand I'll show you where Where you can lean Baby there's no hurry We've got no worries Make me believe

Touch by touch
Your fingers do the talking
I need to hear so much
Touch by touch
Chemical reaction
Makes me give it up

Touch by touch
And put your arms around me
Baby wrap me up
Touch by touch
Now you're gettin' closer
To what I want so much
