

# Diana Ross, You Do It

(R. Van Hoy/D. Allen/E. Struzick)

You don't have to say  
I love you everyday  
You do it

And you don't have to try  
To keep me satisfied  
You do it

Look what you have done  
You're the only one  
Who can take me away  
And when you can't be mine  
I spend all my time  
Just waiting

Till you came back around  
'Cause no one else I found  
Can do it  
The way you do it to me  
When you love me baby

When I need to feel  
The way I love to feel  
You do it

I can't live without  
The way you know how  
To do it

Tell me what did I do right  
To get you in my life  
When I need you  
Need you to stay  
At times it almost seems  
I stepped into a dream  
And you hold me

I guess I'm tryin' to say  
Can't do without the way  
You do it

The way you do it to me  
When you love me baby  
I really do love the way that you do it to me  
What did I do right  
To get you in my life  
When I need you  
Need you to stay  
At times it almost seems  
I step into a dream  
And you hold me

I guess I'm tryin' to say  
Can't do without the way  
You do it  
The way you do it to me  
When you love me baby

You don't have to say  
I love you everyday  
You do it

And you don't have to try  
To keep me satisfied  
You do it
