

Diane Chase, Hearts Don't Think Like That

My better sense is telling me I just might oughta be
turning my eyes away from you
Start thinking bout something else other than how I felt
when I saw you walk in the room
My rational side is sending me a message,
telling me I'd better hold back,
But here I go anyway,
nothing I can do or say.
Hearts don't think like that.

(Chorus)

Hearts don't think like ordinary people do
they just jump right in,
Sink or Swim
Pull you right in there too
Hearts don't care,
They just fall right where they're at
We scrutinize and we analyze
But hearts don't think like that

I'm here rackin' my brain
Tryin' to figure out a game plan
But I can't get one yet
Wanna stay in control,
Put love on hold
Keep my emotions in check
It's just mind over matter
But here's the grabber,
I might have to face the fact
That love could slip right through my lips
Cause hearts don't think like that.

(Chorus)

Hearts don't think like ordinary people do
they just jump right in,
Sink or Swim
Pull you right in there too
Hearts don't care,
They just fall right where they're at
We scrutinize and we analyze
But hearts don't think like that

(Chorus)

Hearts don't think like ordinary people do
they just jump right in,
Sink or Swim
Pull you right in there too
Hearts don't care,
They just fall right where they're at
We scrutinize and we analyze
But hearts don't think like that
