

Diane Cluck, Just As It Should Be

i'm not who you think i am
i'm not so good
not so bad
i'm just as i should be
so help me dad
and standing on the planet that i came from
the only way i've ever known to come from
witness me mom
i'm not who you think i am
i'm not so good
not so bad
i'm just as i should be
four electionless elections to funnel through me
they do me and undo me and redo me
so help me dad
i'm standing on the planet that i came from
the only way i've ever known to come from
i'm standing in the way
not in the way
i'm standing in the way
not in the way
come witness me mom
