

# Dianne Reeves, Smile

You could smile away the storm clouds  
Even fill an empty space  
And it feels just like sunshine baby  
When that smile lights up your face  
I'm so glad we're together

I can't dream of a better place  
That I'd rather be  
Than right here with you loving me  
With a smile that makes the angels start to sing

La la la la la...  
La la la la la...

And I know there's no better place  
That I'd rather be  
When you hold me close in your arms  
I can feel your heart beat inside of me

I have found my oasis  
A treasure island in the sea  
Waves of love and understanding  
With a smile that captivated me  
I will cherish the day  
That you chased all my storm clouds away  
With your smile
