

Diary Of Dreams, Shattered Disguise

To the sound of your laughter
To the sound of your cries
Decays within silence
In the depth of your eyes

Numb expectations in my shattering voice
Face to face with existence
Ashes of hope in my shivering hands
Melting illusions like a bridge to my dreams

As I fall
Into the depth of your eyes
As I fall
Into your shattered disguise

Silhouettes slowly fading
As darkness dissolves
I detest what I sense
with my untouchable eyes
