## Dickies, Walk Like An Egg

(lee, wilde)

I'm just a lonley egg Peel me down I'm not afraid What will we do What will we do What will we do

Walk like an egg Yankee shake a leg,shake a leg C'mon and walk like an egg Yankee shake a leg,shake a leg,shake a leg

I'm just a lonely egg and I'm an egghead

Peel me down and I'm white and naked Everybody thinks that I'm just a joke Baby,baby the joke's on you

Waddling around Egg is in town A fellow's gotta waddle He's hittin' full throttle
