

Diddy, After Love

(feat. Keri Hilson)

[Keri:]

[ON THE PHONE]

I JUST DON'T KNOW IF LOVE IS SUPPOSED TO BE LIKE THIS, AND I DON'T EVEN KNOW IF

YEAH YEAH.. Oh .oohh..ohhh....YEEAAHH..YEAaaahhAHH..yeeaahhh..

I'M used to moving out, feeling kinda stuck these days..

because of you

And I'd be on the highway, if only I could leave my place

because of you

I used to be a talker but I ain't got nothing good to say

because of you

an I been trying to hide but it's written all over my face

so I...

I really thought you were the one, the only one

I guess that I was wrong

and you turned out you wasn't it

If everything I thought so

but what do you do after love?

after love

What can you say when it's said and done

Nothing at all

Cause you can't hide a heart break

wen you can't stop these tears from falling down

So what do you do? What do you do? What you do?

After love.

after love.

after love.

after love.

after love it hurts so bad...

after love.

after love.

[Diddy:]

yeah uhuh.. I remember that first day that I saw her face

The feeling I had sorta felt like my birthday

Beautiful I must say

She was my earthquake

Cute face, nice shape, she made my earth shake

Ima try an keep the faith, do it like the church say

She the one for me and I don't care what him or her say

Thought I had a home run

But I'm just at first base I found out the long run

Just another heart break

So how much can my heart take

You was like air to me

You know I wouldn't leave, I needed you to breath

See life is but a dream, so is love and I believe

If you ever been in love you would know what I mean ...yeah

So Lord help me please I wanna see the light

She keep telling me I'm wrong but I know I'm right

But trying to ignore cause I don't wanna fight

I know I make mistakes

But still I need her in my life

[Keri:]

Tell me how I'm supposed to heal this open wound

because of you

And tell me who woulda thought that id ever be trying to get over you

I'm stuck in the moment, of memories of me and you

And I can get over it, but I ain't sure if I want to

cause you dun made your bed, now you gotta lie in it

you gotta lie in it babe

Now all the things you said don't mean a thing
don't mean a thing to me now..
I can't believe I gave you ONE.. LAST.. SHOT
I let it ride now baby it's your stop
Oh so so leave
now the jokes on me
It took a while to finally come to my senses
but what
What do you do, what do you do after love? Oh
What can you say ..what can you say when it's said and done
When its over... Oh
Cause you can't hide a heart break
wen you can't stop these tears from falling down (I can't stop these tears)
So what do you do? What do you do?
After love.
after love.
after love.

[Diddy:]
(I know you hear me..listen to me ...please)
This is what you made me do
Pay attention
She know who I'm talking to, and I know you listening
I think about you all the time, if not every minute
I promise hurting you was never my intention
Something bout your style, the way that you presented her
Every fantasy I ever had you was in it
I apologize for every time that you might have cried
There's not enough words to describe how I feel inside
Guardian angel sent from the skies
I always knew you woulda made a beautiful bride
And that's why
I wish you could of stayed, so much
But I fucked up, an went and betrayed your trust (you know)
there's no more Dolce Gabbana, Gucci, Prada, trips to Nevada
And I admit what you probably heard was true
But outta of all these girls the only one I loved was you
I love you

[Diddy on the phone]
you know I love you more then anything tho..that's one thing you can't run from...
..I just wanna end the conversation in a good way man.. iight....
love you very much..

[Girl]
love you too

[Diddy]
have a good night...
