

Didjits, House On Haunted Hill

I got my stomach cut open and my head is chopped off
I got a knife in my throat and my legs are chopped off
There are twenty black wolves ripping up my neck
I got a demon in my brain and I'm on my way to hell
I got my eyes pulled out and this all happened out
At the house on haunted hill

I hanging upside-down, her claws are in my back
She puts my blood in a bowl and my guts in a sack
She throws me in a grave and burries me alive
SHe makes a vow to Satan and then she drinks my blood
God, you gotta believe me when I say it happened out
At the house on haunted hill

I got my stomach cut open and my head is chopped off
I got a knife in my throat and my legs are chopped off
There are twenty black wolves ripping up my neck
I got a demon in my brain and I'm on my way to hell
