

Didjits, Promise Not To Kill Anybody

I'm livin' on free power
Flower power of my time
Daytime hippy chickie
Peace freak I'm in love and high
At night I knock back
A little dose of something black

I promise not to get to uptight
And I promise not to kill anybody

Rollin' to Detroit I'm a
Fire beast with wings
Bustin' through with a
Hacksaw up my sleeve
Flip my dial little boy
Feel my sting

I promise not to get to uptight
And I promise not to get up uptight...

Doin' the crystal, baby
Diggin' the glory scene
Eel McGreel beach comber
I'm gonna shoot my friends
I'm lyin' to Jesus Christ, man
He won't forgive this sin

I promise not to get too uptight
And I promise not to kill anybody!

I'm livin' on free power
Flower power of my time
Daytime hippy chickie
Peace freak I'm in love and high
At night I knock back
A little dose of something black

I promise not to get too uptight
And I promise not to get too uptight...
