[Verse: Ninja]

Hit me with that real rap, where your fuckin skills at?

Every time I touch the mic they say, "You fuckin killed that!"

I fuck 'em up lights out, put the fuckin mic down right now

Too cold to hold baby iced out

I had no help when I was flat broke

Hit the fuckin lotto and I'm never looking back yo

Mad dough, rap shows generate the cash flow

"Damm bro! You went from a Jetta to a Lambo!"

Is it real, is it fake? Is it ill, is it lame, is it comedy?

It's easy to fake it to make it takes an anomaly

It's easy to not give a fuck when you're living in luxury

My people are starving it's fucked to be living in poverty

We raising our youth yo we open their brains with this poetry

We training the troops to shoot open the gates to the overseas

We changing the future, we fucked if we don't save the planet

I'm vegan as fuck, if they're not fully woke then I bang on 'em

[Chrous: Yo-Landi Visser]

Bang on 'em! Bang on 'em! Bang on 'em! Bang on 'em! Yeah muddafukka!

Bang on 'em! Bang on 'em! Bang on 'em! Bang on 'em! Bang on 'em!
