Yo DJ Hi-Tek

Drop the motherfuckin' beatbox dog

Bring that next-level shit

Uh, yo, for real

That's what I'm talking about

Totally psychic, open your mind quick as the vibe kicks

Moederfok it, I skeem this vibe's rou

Jislaaik yo

Yo yo yo yo check out this hot flow

I go by the name of

N-I-N-J to the motherfucking A

Straining your brain like T.V. static

Check out the funky 3D graphics

Rave visuals, enter my digital zone

As I recite a poem on the microphone

I'm scoping, third eye strobing, mind open, sweat streaming

Flesh gleaming, best feeling, high-energy peaking, deep meanings

Freak when I see things, like this chick in a G-string

Can I touch you friend?

[Hook: x2]

Beat boy, beat boy

Hit that perfect beat boy

Hit that perfect, hit that perfect

Hit that perfect beat boy

Pump it, uh!

Yo pump it, uh uh!

Yo pump it, uh!

Lick it, dip it, twist it, turn it

Pump it, uh! Yo pump it, uh uh!

Lick it, dip it, twist it, turn it, stick it, dunk it

P-p-p-p-pump it!

[Verse 2]

I think about you when I masturbate

You can't even believe it but that's OK

On the microphone I fascinate

When I let my 3rd eye exaggerate

(Freaky visions) I tell you what I see

Cold concrete scattered with dry leaves

You naked lying on the pavement

People are standing round with laanie shoes

You can hardly move, you look sexy

All of a sudden, the streets are empty

You stand up, open your eyelids

You in a trench coat, it's French, you look stylish

You walk in the silence, not sure what the time is

It's totally twilight, the sky is violet

An abandoned house, look ahead to see

Some open the door, yes it's me

With the meanest penis you ever seen

You're on your period, with no tampon

You kneel down and get with the vibe

Your period blood has crystallized

You offer me the red crystal (It's ill)

Grab hold of the mic tight, tonight's the night

The vibe is live, pump up the bass

I got tentacles coming out my face

I rise into the air, cut myself open

Warm blood pours down all round  
I speak from the deep cut in between my thighs  
You covered in blood rubbing your boobs, feeling nice  
Rubbing your boobs (feeling nice)  
Rubbing your boobs (feeling nice)  
Rubbing your boobs (feeling nice)  
She's covered in blood rubbing your boobs (feeling nice)

[Hook]

[Verse 3]

You open the door, step into the place  
Look around, strange painting on the walls  
A chick on the floor on all fours, totally nude  
In high heels (The vibe's ill)  
She's hand-cuffed, ankle cuffed, steel collar  
With a long leash attached to the ceiling  
The scene's appealing, revealing weird feelings  
Make you forget about what you believing  
Another chick chilling against the wall  
Flashing her boobs, legs spread with a nice vagina  
And a long stick, there's a nice big  
Painting above her head (Expensive!)\nYou check another chick on all fours  
Chilling next to another chick lying on the floor  
Legs spread in the middle of the corridor  
Close shave, (Don't touch what you can't afford)  
The next room's a bed room, you become two  
What I mean is, you plus another you  
You get down with yourself while I watch  
Body buzzing like a bed of a billion bees  
You kneel down in front of the other you  
Time to learn something new  
The one kneeling is a slave  
Kneel for the master  
Feel the warm hand on the back of your head  
You got a tattoo on the back of your neck  
An infinity sign that represents your past  
Your master touches you on your tattoo  
And removes your tattoo, now you brand new  
I'm proud of you dear  
There's nothing you not allowed to do here  
Listen to me, the infinity tattoo is a key  
Let go to my rhyme and open your mind  
Let go to my rhyme and open your mind  
Open your mind, open your mind

[Hook]

[Verse 4]

Lift up your dress, open up your legs  
Your vagina's sewn up, untie the thread  
My sublime rhyme inside your head  
Your mind is rushing, vagina gushing  
Another chick in the corner taking a piss  
(It looks nice) The whole vibe's totally kinky  
Look around, the new room is fancy  
Remove your fur coat, remove your panties  
I'm rocking a suit and a blackface mask  
I ejaculate into a champagne glass  
Your precious flesh is so mysterious  
Pierce your nipples with two long needles  
Like a crucifix, take you to another level  
While I get my freak on, the vibe is mental  
Transcendental, we somewhere else now

Still rocking a mask, but I've taken off my suit  
You rocking a mask too, shaking your nice boobs  
I tell you I like you, you feel my piel  
We start french kissing with flippin' long tongues  
We somewhere else now, you dressed conservative  
I transform into a big black god  
Feel the realness, my dick's lank hard  
You can't believe it, a dick in your palm  
As big as your arm, we somewhere else now  
A hospital, uh, get ready for the operation  
Lot of guys chilling behind you, blasts from the past  
All rocking a mask, penises out  
Drop your panties for the surgeon  
(I'm not a virgin) It's not a problem  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too  
Look in the mirror, look in the mirror  
Look in the mirror, you can see it's you  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too  
Look in the mirror, look in the mirror  
Look in the mirror, you can see it's you  
Look in the mirror, you can see it's you  
You got two nice boobs and a penis too

[Hook]

[Verse 5]

The men in the masks gather round the patient  
Waiting in anticipation  
The old surgeon says "can you see this?"  
A beautiful woman with a brand new penis!  
You clap the surgeon, flip him right round  
Bend him over, lift his white gown  
Grip the surgeon's milky butt-cheeks  
Rape the surgeon, break the surgeon  
Absorb your penis into your tummy  
You're a woman again, complete with a vagina  
I'm flipping my rhyme up  
Tripping your mind out  
Ripping and vipping your pip  
Flip it inside-out  
Now you the teacher, you the guide  
The real you won't see you denied  
You got crazy sex appeal, all tied up  
Kneeling on the pavement, you can't say shit  
Your mouth is gagged, you surrounded by  
A thousand guys totally under your spell  
They all totally scared of the power you hold  
You can changed the rules of the game and devour their souls  
Now's the time girl  
Let's head back into the outside world  
The world of others, it's time to go back  
The door is stuck shut but the walls are beginning to crack  
Uh! Now the walls are bleeding  
It's all deceiving, you soaking wet  
With no regrets, feel your body sweat blood  
Peel off your old skin, time to get love

You arrive at the cemetery in time for the ceremony  
I give you a hot kiss, grab hold of your ass cheeks  
How'd you like to get laid on this  
Tombstone in the middle of the rain forest  
My gaze puts you in a daze, I'm loving your long tongue  
Look at your beautiful face, covered in hot cum

Spread my wings block out the sun  
Lie on my back, scope out your bum  
My penis stays hard, you breathing heavily  
I penetrate you, the feeling's heavenly  
Now bounce girl, you know it's hot  
Bounce, bounce girl, like oh my god!  
Totally freaky deaky funky  
Wa'e make you leave your body  
Transport you to another dimension  
You alone in the desert, totally nude  
The silence is violent  
You floating above the ground  
Invisible energies penetrate  
Every hole in your body while you levitate  
You start coming apart, shape-shifting  
Wild, out of control  
Destructo  
Ghan odn ar  
Dbir vahniss  
Dgug rgyud  
Hgyur bzan  
Bhren sseh  
Ehrsta sugam  
Satah!
