

# Die Antwoord, Never Le Nkemise 1

[Choir]

Never Le Nkemise  
Never Le Nkemise  
Never Le Nkemise  
Le ka zama mara never leloke

[Ninja]

I'm indestructible  
Gangsta number one  
Play now, cry later  
The harder they come  
The harder they fall  
Poes!  
You can't stop me  
You can try but you won't survive  
(Why?)  
Cuz I'm a mother fucking Ninja  
Zef side represent  
You're fucking with the best

Ninja! Die wit kaffir  
Ja julle naaiers  
Skrik wakker  
(Tension, tension, tension)  
Looks like I'm gonna need my  
Matte black Glock nine millimeter  
Everyday's like bulletproof vest time  
When you rolling through the mother fucking zef side  
At night we don't even stop at the robots  
In the day look around three-sixty degrees if you're busting a mother fucking donut  
I'm not even trusting a road block  
Our pigs bust caps in the back of your head  
Bang! Now you're dead  
Whatcha gonna do, huh?  
Maybe go run tell Zuma  
(Ha ha ha ha ha ha)  
He doesn't give a fuck  
That's why we keep it mother fucking gangsta  
I'm not scared of you  
But you're mother fucking scared of me  
Yeah the Ninja has become the enemy

I'm indestructible  
Gangsta number one  
Play now, cry later  
The harder they come  
The harder they fall  
Poes!  
You can't stop me  
You can try but you won't survive  
(Why?)  
Cuz I'm a mother fucking Ninja

If you don't like funerals  
Don't kick sand in the Ninja's face
