

# Die Antwoord, ZONKE BONKE

Intro]

Ay, Yo-Landi Visser  
For the girl who has everything in the world  
What do you want, eh?  
Ufunani sisi eh?

[Verse 1: Yo-Landi Visser]

I wanna lotta shit  
Fuck, where to begin?  
I wanna go to heaven, but I'll never get in  
Bad to the bone, yo, I'm spitting venom again  
Decapitate a hater, throw their head in a bin  
Yes, yes, y'all, watch the enemy fall  
When I hit em with a muddafuckin' energy ball  
Flame on muddafukka, ja I said it before  
Ninja, fuck it up, spit, yo, it better be raw

[Verse 2: Ninja]

Yo, Lil2Hood threw this fuckin' dope beat on  
And put me in the fuckin' zone, then I wrote this song  
I wanna kill muddafukkas, yo, I know it's wrong  
I wanna blow the fuck up, and put all my homies on  
We on another level, no one can fuck with our sound  
I straight fuck it up even when I'm fuckin' around  
I wanna little house in the woods under the ground  
If you breaking in, I'm poppin off a couple of rounds

What a lot I got, still wanna couple of things  
Wanna cute lil' baby Glock under my wing  
One in the chamber, for the stranger bringing danger  
Wrong ninja to fuck with, I'm the fuckin' danger  
They call me the professor of the streets  
I don't let the pressure fuck with me  
Just tryna be the best that I can be  
When I'm blessing the beat  
Ufunani Landi-Pandi?

[Verse 4: Yo-Landi Visser]  
I wanna rap again, yo gimme the mic  
You wanna fight? I disappear into the night  
Go fetch a muddafuckin' baseball-bat and a black gat  
Come back and fuck you up  
I steal from the rich, and take care of my people  
You just too evil, and I'm just too good
