

# Die Apokalyptischen Reiter, Lazy Day

Another lazy day no fight no affray

I listen to the sea, this is all what I have to be  
I'm lying in the sun, enjoying this quiet fun  
The wind caresses so softly  
It feels like that somebody loves me  
The sky is painted in smooth blue  
The drink in me hand, too

Another lazy day  
Another lazy day  
Another lazy day no affray  
Another lazy day

The night is coming, I see the moon  
It's getting dark here soon  
I'm looking at the stars but without any wars  
Tomorrow I go down the hill...hm or maybe up  
Or I stay here and shift into the lowest gear

Another lazy day  
Another lazy day  
Another lazy day no affray  
Another lazy day

Another lazy day no fight to stay  
Another lazy day
