

# Die Happy, Everyday's A Weekend

Everyday is a weekend  
Think of all the money  
We intend to waste and burn and overspend  
I wanna spend it with you  
Hoping you feel the same way too

Monday we stay in bed  
Tuesday we rob the bank instead  
Wednesday we're contemplating  
You and I escaping

Thursday we make the headlines  
They want us by friday alive or dead  
Everyday is a weekend in my head

Don't set yourself no limits  
Cause it won't work  
If your heart's not in it  
Enjoy yourself  
Think clearly  
I wanna clear it with you  
Hoping you feel the same way too

Here we are  
We've gone too far  
I wanna die here with you  
Hoping you feel the same way too
