

# Die Happy, My Way

I know my aims  
I know what I want  
I got a chance  
I won't let it slip away  
I have my dreams  
I'll change them to reality  
I'm strong enough  
It's so extreme, I can't stop  
Still far away  
But not too far to give up  
And everyday  
I will go on, to the top

I go my way, everyday a little further  
I go my way, everyday, makes me feel a little stronger

I go my way, everyday a little further  
I go my way, everyday, makes me feel a little stronger

feel a little stronger

I see it work  
It makes me reach even more  
Incredible  
It opens every door  
I'm so obsessed  
It brings me so much joy  
I am allowed to do something  
I adore  
It's like a drug  
It keeps me going far  
It is a gift  
That makes me proud, everyday

I go my way, everyday a little further  
I go my way, everyday, makes me feel a little stronger

I go my way, everyday a little further  
I go my way, everyday, makes me feel a little stronger  
feel a little stronger  
feel a little stronger  
makes feel a little stronger

I go my way, everyday (it's just like a drug, it's just like a drug)  
I go my way, everyday (everyday), makes me feel a little stronger

I go my way, everyday (it's just like a drug, it's just like a drug)  
I go my way, everyday, makes me feel a little stronger  
feel a little stronger  
feel a little stronger
