Die Kreuzen, Enemies

Lots of jerks are passing me by People I meet say goodbye You're too much for me I can't handle This race of champs is gonna pass you by Nothing to say nothing to do If you're so slow don't follow me I don't want you here and I don't want you there Just leave me alone What happens you you I really don't care I don't care Enemies for me and you are too You don't understand there's no need for you If you crawl into your corner You'll die If you take another punch You'll be the fool
