

# Die Krupps, Paradise Of Sin

In-a-gadda-da-vida baby  
God is dead he lost the battle  
The devil rules over life and death  
Feel his power, feel his wrath

Hell - this is the paradise of sin  
Fail - and you will suffer in pain  
Nail - that son of desaster  
Sell - your soul to the master

In the garden of evil, baby  
The bilbe's title is helter skelter  
Take a ride on this rollercoaster  
Live for sin and die faster

Wake - your evil twin  
Live - your wildest dream  
Let - the demons in  
Let - the madness begin
