

# Die Krupps, The Gods Of Void

Last night I had a sensation  
made me see it all so clear  
I hate to see their lying faces  
their empty words I hate to hear  
they're the evil spreading poison  
stand for all that I despise  
last night I saw it all so clear  
those demons must be exorcised

Banish their spirits - purification  
Punish their souls - compensation

The gods of void - They're the gods of void  
they are so big - in their world of void  
the voids of void - they're the voids of void  
they are so void - in their void of void

Don't you feel their twisted minds  
all they got is hate for mankind  
merciless they run the show  
I hate to see their power grow  
shut your ears to their charming lies  
see behind those pretentious smiles  
don't listen to the siren's call  
don't let them take control

You know who I'm talking about  
you know who they are  
get them before they get you  
don't let them go too far
