

# Die Radio Die, Lover Left You Bleeding

This is the way back home.  
This is the way back home.  
Lover stole your heart and now your bleeding.  
The needle in the vein is never dry.  
The dagger in your side keeps you from breathing.  
And this is what, this is what brings you back.  
This is the way back home.  
This is the way back home.  
Lover stole your heart and now it's bleeding.  
The needle in the vein is never dry.  
The dagger in your side keeps you from breathing.  
And this is what, this is what brings you back.  
You're falling away.  
You're falling away now.  
You're falling away.  
You're falling away now.  
You mean everything to me.  
You mean everything.
