

Die Trying, Die Trying

I'm naked and violent

This is the first day of my life
Finish last at the starting line
I live through friends who are barely there
And I love how you
You look out for me and I love you
I live through friends who are barely there

I'm naked and violent
An emotional wreck

Yeah, Yeah
I'm not about to stop until I'm dead
I'm not about to stop until I'm dead
Yeah c'mon
I'm not about to stop until I'm gone

Is this the last day of my life
I try so hard to hold on tight
As I live through friends who are barely here
You think you're ready?
Yeah, I think I'm ready now
You think you're ready?
Yeah, I think I'm ready now
You think you're ready?
Well, then c'mon, c'mon let's dance

Yeah, Yeah
I'm not about to stop until I'm dead
I'm not about to stop until I'm dead
Yeah c'mon
I'm not about to stop until I'm gone

You think you're ready?
I think I'm ready, yeah
You think you're ready? C'mon
You think you're ready?
I think I'm ready, yeah
You think you're ready?
Well, then c'mon, c'mon let's dance

Yeah, Yeah
I'm not about to stop until I'm dead
I'm not about to stop until I'm dead
Yeah c'mon
I'm not about to stop until I'm gone
You can't stop me yet
You can't stop me yet
