

Die Trying, Fuck You Perfect

Emotions run high
Can you counterweight and make you feel?
Can you hear my voice come down, down, down?
Can you take that away and do what I say?

Fuck you
This doesn't matter
Don't say this doesn't matter
No, you don't know what you mean

chorus
I'm so tired of your ways
Don't say it doesn't matter
Fuck you this doesn't matter
I'm so tired of your ways
Don't say it doesn't matter
Cause it matters

My emotion runs so high
Can you take that away to make me feel
I gave through intimidation
Cut back by the words you said, you said
And the way you said them

Fuck you
This doesn't matter
Don't say this doesn't matter
'Cause you don't know what you mean

chorus
I'm so tired of your ways
Don't say this doesn't matter
Fuck you this doesn't matter
I'm so tired of your ways
Don't say it doesn't matter
Cause it matters, to me

well it matters

chorus
I'm so tired of your ways
Don't say it doesn't matter
Fuck you this doesn't matter
I'm so tired of your ways
Don't it doesn't matter
It matters (x4) to me
