

# Dierks Bentley, Feel That Fire

She wants her nails painted black  
She wants the toy in the cracker jack  
She wants to ride the bull at the rodeo  
She wants to wear my shirt to bed  
She wants to make every stray a pet  
And drive around in my truck with no place to go

But she needs to feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire

She wants a cabin in the woods  
She wants to stand where nobody's stood  
Someday she wants a couple kids of her own  
She wants to make love on a train  
Some days she only wants a break  
Hey she wants what she wants but man I know, I know, I know

But she needs to feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire, yeah, feel that fire

So as long as there's a breath to take  
A smile to share a prayer to pray  
A chance to hold her hand and fan the flame

She's gonna' feel that fire  
The one that lets her know for sure  
She's everything I want and more  
Her real desire  
Is to know I'd walk alone out on the wire  
To make her feel that fire, oh, oh, oh  
Feel that fire

She wants her nails painted black  
She wants the toy in the cracker jack  
She wants to ride the bull at the rodeo
