

Diesel Boy, Cock Rock

I admit its true
I still like Motley Crue
Metallica and the Number of the Beast
Cuz Faster Pussycat rocks and so does Judas Priest
I love the spandex that they wear
I saw Dio when he had hair
Well I know metal is dead
But I love to bang my head and throw my fists up into the air
I know Ozzy Osbourne's old
But I don't care
Gimme hairspray by the ton
Enuff Z'nuff and L.A.Guns
Anthrax, the Scorpys, Metal Church, Kix, and Dokken
I've seen Slayer 20 times because no band is more rockin'
Whatever happened to Great White?
Or Whitesnake or White Lion?
I know metal is dead
But I love to bang my head and throw my fists up into the air
I know Dave Mustaine's kinda lame but I don't care
Gimme glam rock, gimme thrash
Gimme Axl, gimme Slash
I know metal is dead
But I love to bang my head and throw my fists up into the air
I know Eddie Van Hellen is old
I know acid washed ain't in vogue
And Kramer guitars aren't cool
